

'Tatua Soft Serve Mix'

What is it?

- Tatua Soft Serve Mix is a ready to use soft serve/sundae mix based on fresh cream. Tatua Soft Serve Mix has a smooth, creamy vanilla flavour. It has been ultra heat treated and aseptically packaged in sterile bags to ensure excellent keeping properties

Product Applications

- Add alcohol such as rum, kahlua or creme de menthe for a special treat soft serve
- Add flavours such as fresh berries and fruit, chocolate or coffee to create delicious soft serve

Product Usage

- Designed for use in Taylor pump-fed soft serve machines or similar. Follow soft serve machine instructions for use
- Recommend cooling to 4°C or less before use. This is to achieve optimum overrun and microbiological quality once in the machine.

Product Characteristics

- Acid Stable: Can be combined with acidic ingredients such as fresh fruit or berries, citrus juice or zest or coffee flavours
- Alcohol Stable: Can be combined with spirits or liqueurs to make delicious flavoured ice cream. Try Rum, Maraschino, Kahlua or Creme de Menthe
- NB: Flavours can be added before or after churning
